

Dennis Amoah

Woodbridge, VA | <https://github.com/damoah2> | damoah2@gmu.edu

Summary

I am a passionate web developer with proficiency in HTML5, CSS3, Bootstrap5, JavaScript, JSON, Python, PHP, and MySQL. My goal is to create beautiful, functional, and user-friendly websites that deliver value to businesses and users. With a solid understanding of web development principles and a keen eye for design, I stay up-to-date with the latest technologies and trends in the industry. I am a detail-oriented and collaborative team player who communicates technical concepts effectively. I have experience working on diverse projects and am committed to delivering high-quality work that adds value to clients' businesses. Continuous learning, experimentation, and improvement are key to my success. Let's discuss how I can help bring your web projects to life.

Experience
